?????????

Document holder backpack made from PU. Features an urban design that includes a central pocket with zipper closure and double pull. With padded interior for laptops up to 15 inches, additional interior pocket with zipper closure, and two pockets on the front. Its shoulder straps and back are padded and adjustable for added comfort. Includes side straps allowing for thickness adjustment to make it compact. Offers three modes of carrying: as a backpack, thanks to the padded shoulder straps and compartment for storing them; as a document holder, thanks to its padded transport handle; and as a messenger bag due to its long adjustable strap.

Padded. Padded Laptop Compartment
