?????????

External auxiliary battery made of resistant ABS. With integrated Type C connection cable. 1200 mAh. Type C input connection.The capacities shown in all our external auxiliary batteries are real, all of them incorporating non-recycled, grade A batteries, with a service life of at least 500 charging cycles, and complying with CE regulations. In addition, they are manufactured according RoHS standards, and in compliance with the following safety requirements: Power bank overcharge protection system.
Complete discharge protection system, which increases the durability of the power bank.
Blocking system to prevent short circuits.

Constant charging transfer system, in accordance with the capacity of the target device.

1200 mAh. Type C Output and Input
